* Please note that SAGE Formative testlets are not available for the 2017-2018 school year.

I understand that when computer adaptive tests are given to my child's class, my child will be provided an alternative exam that will produce similar data as that on the computer adaptive test. My child understands that it is their responsibility to NOT create an online account through the SAGE testing portal.

As a parent/guardian, I do not want my child to participate in the above assessments during the 2017-2018 school year. This form must be returned annually to your local school.
